COVID-19 STATEMENT

ETW 2020 has been postponed

Over the last few weeks, we have been closely following the evolution of the growing impact of the coronavirus (COVID-19) outbreak both locally and internationally.

Due to the increased spread worldwide, and because our first priority is to ensure the health and well-being of all the attendees to this event, we, the Organizing Committee of the ETW 2020 has decided to postpone the 21st European Testis Workshop (ETW), scheduled for May 10-14, 2020 since the current priority is the health of all the participants.

For the mentioned above, we would like to announce that **the new dates for the Conference are 30 May to June 3, 2021**, at the same venue (Hotel Eden Roc); and maintaining, as much as possible, the scientific program.

We will inform you of the changes related to this postponement and you will receive an email concerning your registration to the congress.

We would like to apologize for any inconvenience it may cause you, but we hope you will understand our decision considering the exceptionality of the pandemic.

The 21st ETW Organizing Committee is committed to offering an unforgettable event in Sant Feliu de Guíxols in 2021, which we anticipate being well attended and successful.

We would like to take the opportunity to thank you for your continued support and understanding during these difficult times.

We look forward to seeing you in Sant Feliu de Guíxols next year!

With our kindest regards,

The 21st ETW Organizing Committee
